

The Threefold Art of Experiencing God

Introduction: Why I Am Writing About the Trinity	4
Chapter 1: Believing Is Experiencing	6
Chapter 2: Three Ways of Experiencing God	8
Chapter 3: The Mystery of the Trinity	10
Chapter 4: A Christian Pantheon of Gods?	12
Chapter 5: A Segmented God	14
Chapter 6: How Heresies Develop	16
Chapter 7: Self-Assessment: Which Colors Do You Reflect?	18
Chapter 8: Learning from God's Creation	20
Chapter 9: Where False Views of God Lead	22
Chapter 10: The Eternal Battle Between Two Misunderstandings	24
Chapter 11: Why So Many Conflicts Appear Unsolvable	26
Chapter 12: How Paradigms Change	28
Epilogue	31

Notice:

Since mere words cannot adequately communicate the mystery of the divine Trinity, this booklet has been developed around the many diagrams—quite the opposite of what one would normally expect in a book. The main concepts are conveyed through the diagrams; the words simply expound on what has been presented graphically.

It is possible to approach the topic by first studying only the diagrams (together with the captions), and only then reading the complete booklet. It is also conceivable—and even desirable—that you attach to the diagrams your own comments describing your personal situation or that of your church. Finally, you could deal with this booklet by first completely dispensing with the written explanations and restricting yourself to approaching the views of our relationship to God, as conveyed through the illustrations, in a purely meditative way.
