SECTION II: GETTING THE SUNDAY SCHOOL ORGANIZED

8 The Pastor and His Christian Education Program 66

Pastoral "island hopping" to put out "brush fires" in the various areas of Christian education is weakening churches. Here's how to make your church a true New Testament church.

9 The Board of Christian Education 72

The reasons for establishing a local Board of Christian Education might be summed up in one word—*success*.

13 Curriculum in Christian Education 111

While it is true that content or experience can be omitted or minimized, one of these must constitute the center around which the other revolves. Three differing views spark this controversy.

14 Finances and the Church 118

Periodically, a church should determine whether it has the best possible program at the lowest possible unit cost. Here are helpful tips on both financing and budgeting.

It is important that, as we think of "equipment" for Christian education, we think of the building in which the work is to be done.

18 Standards for Equipment 140

A good environment for learning is vital to the success of any department. While good work can be done in a room that is less than ideal, a church should strive for the best.

SECTION IV: BUSES—ONE KEY TO GROWTH

21 Recruiting Workers for the Church Bus Evangelism Ministry 167

Workers are far more important than buses. The pastor who fumbles the ball in this area will lose the game.

22 Why Sunday School Buses Fail 171

More than two dozen common, human factors often contribute to the failure of a Sunday School bus ministry. Evaluate your program (or proposed program) in light of these factors.
